

POSITION	Field Officers (FOs)
NUMBER OF POSITIONS	7 (Seven)
REPORTS TO	District Lead/District Coordinator
LOCATION	Faridabad (Haryana)
Posting Date	25/4/2025
Closing Date	30/4/2025
Project Period	Two Years

Background

World Health Partners (WHP) is a non-profit organization mandated to deliver holistic healthcare to underserved communities by innovatively leveraging available resources more efficiently. Evidence-based management and technological solutions that are sophisticated to work in extremely low-resource settings are the hallmarks of WHP's programming strategy. WHP believes that it is unconscionable to divide resources on an ideological basis—such as public and private sectors—since low resource settings mandate a focus on collectivizing all existing resources to achieve better outcomes.

WHP is best known for its programs focused on early detection and treatment of tuberculosis in urban and rural settings supported by community-based activities to ensure prevention. WHP currently operates its projects in Bihar, Jharkhand, Uttar Pradesh, Punjab, Haryana, Uttarakhand, Himachal Pradesh, Odisha, and Delhi.

About the project

District Health & Family Welfare Society, Faridabad, Haryana, has signed an MoU with World Health Partners to provide universal care for TB patients in the private sector as a Patient Provider Support Agency (PPSA) in the Faridabad district.

This project is designed to directly support the efforts of the Government of Haryana AND the Government of India (GoI) for an effective and efficient TB program in the Private Sector. The PPSA project will take care of all the TB patients (including DR-TB) seeking care from the private providers with private provider engagement, notification, sample collection and transportation, linkages for free diagnostic and drugs, comorbidity screening, treatment adherence support and counselling, patient and provider incentives, adverse drug reaction reporting, risk assessment of TB patients for differentiated care, contact investigation and referral to public sector when required till the end of the treatment following the standards of care and accurate diagnosis, facilitate cases notification, ensure appropriate treatment, and ensure treatment completion.

Scope of work and key responsibilities

Key Responsibility Areas (KRA) would include but not be restricted to the following:

- Report daily field activities to the District Lead/District Coordinator.
- Identification, mapping and engagement of Providers (Formal/Informal/Chemist/Lab).
- Facilitate patient registrations and notifications in the Nikshay 2.0 application.
- Ensure sample deposition for UDST.
- Coordinate with the treatment coordinator for patient management
- Ensure the patient receives FDC/Pvt. drug at the earliest possible.
- Support supply chain management of FDCs at the provider level.
- Collection of A/C details of patients for DBT, NPY benefits.
- Diagnostic test follow-ups.
- Address Provider-level issues (i.e., provider participation, FDC supply, CBNAAT results, sputum transport, DBT, etc.).
- Coordinate with the treatment coordinator for patient management
- Sputum collection and report delivery during Contact Tracing.
- Coordinate with the treatment coordinator for patient management

Note: The principal responsibilities listed above are an illustrative list and not an exhaustive list. Additional responsibilities may be added from time to time, depending on Project requirements.

Qualifications, Experience, and Skills

- Graduation from a recognized University/Institute with at least 2 years of experience with a similar project.
- Knowledge of grassroots TB initiatives is desirable.
- Excellent understanding of local context, practices, and ability to liaise with district/block-GP and health facilities.
- Willingness, flexibility, and ability to work in a challenging environment.
- Good communication skills (oral and written) in Hindi and English
- Prior knowledge of basics of NTEP
- Diligence, Sincerity, Integrity, and High Sense of Responsibility
- **Own a two-wheeler with a valid driving license is a MUST.**

Remuneration

A competitive salary commensurate with experience is offered. World Health Partners (WHP) is an employer which follows the principle of equal opportunity with regard to its hiring and promotion procedures. WHP does not discriminate on the basis of religion, race, class or gender and is committed to give everyone an equal chance.

Note: Remuneration for this position is maximum **Rs. 18,000/- monthly**. (Taxes applicable as per the prevailing norms). Other than this, they will also get performance pay (incentives), travel and communication allowances.
