| POSITION | Community Coordinator (PRI) |
| NUMBER OF POSITIONS | 01 (One) |
| REPORTS TO | District Lead PRI & CE |
| LOCATION | Fatehpur Chaurasi Block, Unnao (Uttar Pradesh) |
| Posting Date | July 10, 2025 |
| Closing Date | July 20, 2025 |

Background

World Health Partners (WHP) is a non-profit organization mandated to deliver holistic healthcare to underserved communities by innovatively leveraging available resources more efficiently. Evidence-based management and technological solutions that are sophisticated to work in extremely low-resource settings are the hallmarks of WHP's programming strategy. WHP believes that it is unconscionable to divide resources on ideological basis—such as public and private sectors—since low resource settings mandate a focus on collectivizing all existing resources to achieve better outcomes.

WHP is best known for its programs focused on early detection and treatment of tuberculosis in urban and rural settings supported by community-based activities to ensure prevention. WHP currently operates its projects in Bihar, Jharkhand, Uttar Pradesh, Punjab, Haryana, Uttarakhand, Himachal Pradesh, Gujarat and Delhi.

About the project

WHP has been selected as a Sub Recipient (SR) of Karnataka Health Promotion Trust (KHPT) for implementing the **IMPACT India project** supported by The Global Fund to Fight AIDS, Tuberculosis and Malaria (GFATM), for the grant cycle 2024-2027, for the TB grant in India. WHP will implement this project in selected districts of Delhi, Uttar Pradesh, Himachal Pradesh and Uttarakhand. The key project elements include TB Champion Engagement and TB Mukht Grama Panchayat activities. The project activities will be implemented in close collaboration with state and district NTEP, Panchayat Raj and Rural Development and other allied stakeholders.

The project's implementation geography in a state involves two primary interventions, TB Mukht Gram Panchayat (TBMGP) and TB Champion (TBC) Engagement, organized as a cluster of districts. In this structure, one district will host both interventions, while the remaining districts will solely focus on TBC Engagement. This encompasses one district with TB Mukht Gram Panchayat Activities and TBC Engagement activities. The Community Coordinator will be responsible for implementing the activities in the Taluka level. Engaging with Panchayati Raj Institutions (PRIs), the initiative empowers and supports them in addressing challenges related to tuberculosis. It fosters a healthy competition among Panchayats to eliminate TB, empowering them at various levels to prioritize tuberculosis and acknowledging their contributions through the certification of achieving a "TB free" status. And the TBC engagement will be done in the Taluka. Identifying and training of TB champions at least one per the Health and Wellness Centre to utilize the family caregiver model.

These champions, associated with Health and Wellness Centers, will deliver personalized care and actively contribute to district and state TB forums.

Scope of work and key responsibilities

Key Responsibility Areas (KRA) would include but not be restricted to the following:

- Work with the Taluka TB Unit from the NTEP and Block Development Officer (BDO) from the RDPR
- Ensure the planned training for the PRI members are properly rolled out and facilitated.
- Ensure communications to the Gram Panchayats are sent by the BDO on TB Mukta activities and training
- Facilitate the process of claiming TB Mukta Grama Panchayats
- Support the TUs for identifying and training the TBCs to deploy in HWCs
- Follow-up support to the trained TBCs for family care training for the caregivers.

Note: The principal responsibilities listed above are an illustrative list and not an exhaustive list. Additional responsibilities may be added from time to time depending on Project requirements.

Qualifications, Experience, and Skills

- A person with graduation in any discipline or higher secondary with minimum 3 years work experience in health-related field activities.
- Working experience in THE GLOBAL FUND Projects
- Knowledge of grassroots TB initiatives is desirable.
- Ability to coordinate with Health and RDPR departments in the block.
- Excellent understanding of local context, practices, and ability to liaise with block/GP and health facilities.
- Willingness, flexibility and ability to work in a challenging environment.
- Well-versed in electronic gadgets like mobile phone and tabs for documentation.
- Two-wheeler with driving licence is must for this position as the position demands 14-20 days travel in the villages, wherein public transport is nil/limited.
- Must be good in interpersonal communication and must be excellent in the local language.

Remuneration

A competitive salary commensurate with experience is offered. World Health Partners (WHP) is an employer which follows the principle of equal opportunity with regards to its hiring and promotion procedures. WHP does not discriminate on the basis of religion, race, class or gender and is committed to give everyone an equal chance.

Note: Remuneration for this position is maximum Rs. 25,000/- monthly. (Taxes applicable as per the prevailing norms).
